Important Notice:

1. "One Time Setup" fees (not included Location) are only applicable when adding new features, which is not in "location setup period". Please contact us for further details.
2. Lines comes with the packages is non-shared lines. Non-Share lines cannot map any North America Numbers / International Numbers onto it (Only the original provided number and Toll-Free numbers are allowed to map into non-share numbers). Only Share Lines can be added special numbers onto it.
3. If you wish to purchase direct number to extension package, each number comes with 2 consecutive incoming voice channels and does not required to have shared lines. However, these lines are calculated separately with the general phone lines and cannot be shared by other extensions. Direct extension number package has the maximum of 2 consecutive lines.
4. All prices listed here are not applicable for any call center environment / resellers.
